## Ministry Rate Certificates

Did you know we offer an investment where even your interest can help grow ministry? Our Ministry Rate Certificate is a special type of investment that we offer to individuals, churches and organizations who want to do even more to further the ministry of churches. Ministry Rate Certificates are Savings Certificates or Term Certificates designed to support Seedling and its ministries by allowing an investor to accept a 0.00% interest rate for the Certificate. The interest that would otherwise be paid to the investor instead will be paid to Seedling and be used to further Seedling's ministry. This enables us to offer loans to churches so that they can grow their ministry and missions through building, acquiring or renovating church property. Please refer to our Offering Circular for details. This is just another way that we are *Growing Ministry Together!*

# Paxtonville UMC

Paxtonville UMC decided to expand their ministry outdoors with the construction of a pavilion. The extra outdoor space will allow for fellowship, picnics, revivals, worship meetings, outdoor worship initiatives, youth group gatherings and retreats as well as community bridge events. The pavilion is now part of a larger outdoor area that includes a fire pit, walking trail and wooded chapel.

The pavilion includes storage areas, food serving areas and restrooms, as well as a large covered space that is very adaptable.

Due to their location in the small community of Paxtonville, the pavilion project will continue to expand their ability to be a genuine community center.

Another great example of how we are working together to fulfill the mission of making disciples of Jesus Christ!
